

Amendment Article VII Section 4.

~~To win, a candidate must receive a majority of the votes cast. In the event of a plurality or a tie, the Election Committee shall hold a run-off election between the two (2) candidates receiving the most votes in accordance with the Election Policies and Procedures.~~

All elections of officers shall be by secret ballot, using a system of instant runoff voting without a separate runoff election. To win a candidate:

(1) The ballot shall give voters the option of ranking candidates in order of preference.

(2) If a candidate receives a majority (over 50 percent) of first preferences, that candidate is elected.

(3) If no candidate receives a majority of first preferences, an instant runoff retabulation shall be performed by the elections committee within five business days of the election. The instant runoff retabulation shall be conducted in rounds. In each round, each voter's ballot shall count as a single vote for whichever continuing candidate the voter has ranked highest. The candidate with the fewest votes after each round shall be eliminated until only two candidates remain, with the candidate then receiving the greatest number of votes being elected.
